## The All-in-One Talent Acquisition Communication Hub

Employers are out of sync with job seekers causing gaps in expectations. While recruiters are sifting through stacks of resumes job seekers are already accepting offers from competitors. PivotCX aims to make instant engagement the new standard for recruiting.

### The PivotCX Solution to Speed

Automated Campaigns

Trigger immediate SMS campaigns upon job applies or inquiries. Reengage with past applicants on a large scale with automated campaigns.

Person-to-Person Chat

Chat with job applicants over text to more than triple your response rate vs email or phone.

Voice and Video

Exponentially increase the immediacy of being able to communicate with and collect information from candidates and hiring managers.

## About PivotCX

PivotCX is transforming the way that recruiting gets done. PivotCX empowers Recruiting Teams to make better hires faster through its innovative all-in-one Talent Acquisition Communications Hub. The PivotCX communication hub integrates with ATS, CRM, and HRIS systems as well as job boards, social media, and career sites to enable automated and person-to-person conversations via Text, Voice, Video, and Email.
